

Name \_\_\_\_\_

Complete the chart as you investigate  
**Forces and Movement**

<p>How did the red car move when a small force (yellow light) was used?</p>	<p>How did the blue car move when a small force (yellow light) was used?</p>
<p>How did the red car move when a large force (red light) was used?</p>	<p>How did the blue car move when a large force (red light) was used?</p>

How were the movements of the cars the same? How were they different?
